

How to use CEHV's asynchronous training on the 4Cs of Civil Discourse in your class

1. Email your class roster to Kathryn Joyce (joyce.173@osu.edu) and request that your students be added to "Introduction to the 4Cs of Civil Discourse" on Carmen.
 - a. Rosters must contain students' name.# in the first column. Instructors can obtain a roster in this format by selecting the relevant course in [Aegis](#) and selecting 'Export Roster.'
2. Instruct students to do the exercises in the 4Cs training on a separate document.
3. Create an assignment in the Carmen site for your course where students can upload the document with their exercises.
